

isolved's one-stop portal gives you the tools you need to better support your employees in the management of their pre-tax benefit plans such as Flexible Spending Accounts (FSAs) and Health Reimbursement Arrangements (HRAs). Below you will find the step on "How to View Contributions Posted from File Feed/Scheduled Contributions."

- Select **Imports** tab.
- Select the file for the contributions processed.
- From the dropdown box, Select on **Review**
- Select **Show More** and more options will appear.

- Select **Download Contribution Discrepancy Report**, which will provide the contributions that were processed and provide a list of the participants that had the deduction posted, on [Sheet 2](#) of the report.
